WORLD SQUARE NSW 2002

Dear Dr Croke,

I am writing to advise you of communications to New South Wales teachers inviting them to engage with The BOSTES 2015 NSW Teachers Professional Development Survey (the Survey). New South Wales teachers will be notified of the Survey on Wednesday 14 October. A separate email will be sent to Principals encouraging them to discuss the survey with staff.

For your information the link to the survey is:  
https://www.surveymonkey.com/r/The_BOSTES_2015_NSW_TEACHERS_PROFESSIONAL_DEVELOPMENT_SURVEY

The Survey is for all teachers, across sectors and career stages in NSW focusing on teacher experiences and preferences of professional development. The information gathered through the survey will enable the BOSTES to prioritise professional development needs and to support providers, schools and educational sectors in the design and delivery of quality professional development. The Survey will be undertaken biennially forming the basis of a longitudinal study of teacher professional development practices in NSW.

I look forward to your assistance in promoting the Survey, ensuring that every teacher in New South Wales has the opportunity to participate.

Attached is the suggested text that could be used on your social media channels or newsletter communications.

The Survey is active for a limited time, closing on Monday 23 November 2015.

Should you require any further information please contact John Healey, Director Initial Teacher Education and Professional Learning by telephone 02 9367 8470 or by email (john.healey@bostes.nsw.edu.au).

Thank you for your support.

Yours sincerely,

Paul Hewitt  
Executive Director

What does professional development mean to you? What type of learning do you wish to do?  

BOSTES is currently running a state wide survey offering teachers the opportunity to share their views on professional development.  
As we head to 2018 when all teachers in NSW will be accredited it is important that we have data from teachers regarding their experiences, preferences and perceptions of professional development.  

Your input in this survey will provide valuable feedback to help shape the future of professional development for teachers in NSW.  

Have your say, and click on the link below for more information and to access the link to the survey: bit.ly/1VP7zJp  

The survey is active for a limited time only so please respond before the closing date of 23 November.
